DIRECT SPONSOR

UNLIMITED REFERRAL INCOME

If you purchase products at the distributor price through every member you refer, and their repurchase income is less than the distributor price, you can earn the difference amount. In simple words, whenever your direct sponsor repurchases products, you will receive 10% of the total purchase value of their products as income, and this will continue every time they repurchase.

Example :-

Each of your direct sponsors has 25 members. If each member purchases products worth ₹2000 at the distributor price every month, then the total purchase of 25 members will be ₹50,000. You will receive 10% of this total purchase, i.e. ₹5,000, as your income, which is an additional earning for you.

BECOME A LEADER

"THE POWER OF GOAL"

1. LEARNING
2. SELLING
3. FOLLOW UP
4. GROWTH
5. W.W.Q.

A person can achieve success in life or business only when they work with full dedication towards a goal, but it is not enough to just work hard; it is also necessary to work in the right direction and with a planned strategy. A clear goal gives a person the motivation to move forward even in difficult times. That is why, to achieve success, we must adopt the habit of setting goals and make it a part of our daily routine.

1 LEARNING

The first step towards success

- Gain new knowledge every day
- Take information about the business
- Watch training videos regularly
- Read books
- Learn from daily experiences
- Take guidance from seniors
- Always be a learner

2 SELLING

The real strength of business

- Learn the right method of selling
- Explain product benefits to customers
- Build trust in customers
- Use product as per customer's needs
- Solve customer queries
- Provide the right solution
- Convert prospects into customers

My Goal:
Do selling of at least
1000 PV every month!

3 FOLLOW UP

The key to long-term success

- Stay in touch with old customers
- Share new product information
- Take feedback and solve problems
- Provide guidance to the team
- Build relations with new people
- Give information about meetings and training

4 GROWTH

Essential for the expansion of business

- Connect new people to the team
- Help the team grow
- Provide training to the team
- Conduct meetings with the team
- Motivate the team
- Recognize the team's efforts

5 W.W.Q. (Work With Quality)

Not just hard work, but smart work

- Work with discipline
- Use time wisely
- Work with a planned strategy
- Maintain quality in work
- Follow company rules and processes
- Keep a positive and professional attitude

Importance of Goal Diary

- Helps to stay focused
- Helps in better time management
- Makes work systematic
- Brings goals closer

A goal diary is useful in every aspect of life, not just in business.

My Goal

- ☐ I will learn
- ☐ I will do regular selling
- ☐ I will do follow-up regularly
- ☐ I will connect a new team
- ☐ I will work with quality

Habits to Stay Focused and Make Goals

- Set clear goals
- Write goals in a diary
- Visualize your goals every day
- Make a plan and work according to time
- Take small steps regularly
- Keep track of your progress
- Stay away from negativity and excuses
- Read your goal diary daily

Why is Goal Planning Important?

Goal planning gives direction to life. It provides motivation during difficult times, helps in better decision making and increases confidence. A person who lives with goals achieves greater success, self-satisfaction and financial freedom.

When Can Goals Change?

- When a bigger goal is achieved
- When necessary to achieve the target
- When there is a significant change in circumstances

Success does not come by chance. It is the result of small but consistent efforts, proper planning and constant practice.

LEARNING – SELLING – FOLLOW UP – GROWTH – W.W.Q.

Follow these five principles in your goal diary and success will surely be yours.
